

Exercise: Git and GitHub

Problems for exercises and homework for the ["Software Technologies" course @ SoftUni](#).

1. Register a GitHub Profile

Register for a free **developer account** at GitHub: <http://github.com/>

Add a screenshot to your profile here:

2. Clone a Repo

Navigate to <https://github.com/SoftUni>. Find a repo that you like. We have books that might be of interest to you. Clone a repo of your choice in your profile.

Provide a picture of the cloned repo here:

Emiliya Kirina
